Hi Jamey, Imene, and John Logan,

Jill just got a call from Tom Woods, business agent at local 52. He said he needs our HR dept info immediately. He wouldn't give her any information. Seems like we have an HR complaint. The only people on right now from 52 are set dec, props, and construction. No complaints have come to me.

We have an outside safety company with a phone number, but he said that's not good enough. He needs HR. Normally on Indies there are no HR departments, so whose info should I send?

Who handles HR issues at Wayfarer?

Thanks
Andrea
